About Me

I have made a career out of being the “go to” person anywhere I’ve worked. My willingness to jump in and help in any situation often shifted my responsibilities based on organizational needs. As a result, I have experience in a wide variety of roles and industries to draw from ranging from religious and non-profit organizations to multi-million dollar national corporations. I’ve worked as an Office Manager, Executive Assistant, Graphic Designer, and Marketing Manager collaborating with teams at all levels.

I look forward to discussing how I can support you in reaching your goals.

Amanda
